## Morning OLI

**Morning OLI** is the DW Transtel program for pre-school children.

OLI, the cheeky lion with the green mane, is woken up every morning by his friend, a parrot named Capt'n Pollywood. That's assuming nothing out of the ordinary has happened and the parrot hasn't had to rouse OLI from his slumber much earlier. This is a regular occurrence in the jungle where the two friends live, and they find themselves drawn into a different adventure every day.

OLI and his viewers learn through play all about animals, their calls, habitat and behavior, as well as all the important things you need to know when interacting with animals. Quizzes, puzzles and guessing games hold the young viewers' attention and encourage them to join in the fun. In the end, not only does OLI find out what interrupted his sleep on that particular day, he's also just that little bit wiser for it.
