The Peppercorns

The Peppercorns are the talented young detectives in one of Germany's most popular and successful children's series. At home in Hamburg, the five sleuths set up headquarters in the city's historic warehouse district, where tons of coffee, tea and spices (including peppercorns!) from overseas are stored. With a special flair for solving crime, Natasha, Fiete, Vivi, Cem and Jana get to the bottom of even the trickiest case.

From their headquarters in Hamburg's harbor, The Peppercorns continue to fight crime with a new team of detectives. Journalist Vivi is now joined by Paul, who can mend or make anything; Katya, who's Russian and loves to dance ballet; Panda, who is Chinese and great at drawing; and little Joanna. After several exciting adventures bring the group closer together, it's all for one and one for all. They may be tough and talented, but they still experience the same joys, sorrows, worries and fears as most other kids their age.
